

# M. GÖKHAN SAL

## MOBILE APPLICATION DEVELOPER

Basınevleri Mah. Selçuklu Cad. Keçiören, Ankara, Türkiye | +90 544 241 5299

[Personal Website](#) | [LinkedIn](#) | [GitHub](#) | [Mail](#)

Mobile application developer with 2 years of hands-on experience, primarily focused on Flutter and cross-platform development, with solid proficiency in Swift and native iOS. Experienced in working on real-world production projects and contributing to application release processes for the market. A motivated, dynamic, and results-driven team player who enjoys taking ownership and delivering high-quality mobile solutions.

### TECHNICAL SKILLS

- Flutter, Dart
- State Management: Provider, GetX
- Firestore: Authentication, Firestore, Cloud Messaging
- RESTful APIs & Backend Integration
- Version Control & CI/CD: Git, GitHub
- Mobile Architecture Patterns: MVC, MVVM, VIPER
- Native iOS Development: Swift, UIKit, SwiftUI

### EXPERIENCE

#### Trainee Program Member - Turkcell Geleceği Yazarlar

Ankara (Remote), Aug 2025 - Nov 2025

- Contributed to mobile application development within an Agile team, collaborating cross-functionally to deliver features and improve code quality in real-world projects.
- Participated in the end-to-end App Store release of a production iOS application, gaining hands-on experience with deployment pipelines, App Store review guidelines, and release workflows.

#### Software Developer (Part-Time) - Mudita Soft

Kayseri, Nov 2024 - Apr 2025

- Developed and maintained cross-platform mobile applications using Flutter (Dart), delivering features for both Android and iOS within a scalable architecture.
- Implemented UI/UX improvements and performance optimizations based on client feedback, improving usability, responsiveness, and code maintainability.
- Contributed to product-level improvements that supported a reported 50% increase in overall company performance.

#### Software Development Intern - Bilgisayar Bilişim

Kayseri, Nov 2022 - Sep 2023

- Developed a full-stack commercial e-commerce application using C#, ASP.NET Core, Blazor, and MSSQL, delivering a field-ready solution designed for real-world business operations.
- Built and delivered an e-commerce platform adopted by 10 partner companies, actively used by sales teams in the field, demonstrating measurable business impact and production-level deployment experience.

### EDUCATION

#### Bachelor's Degree in Computer Engineering

Oct 2021 - Jul 2025

Kayseri University - 3.23/4

### VOLUNTEER WORK

#### Board Member - Türkiye Bilişim Derneği Genç Kayseri
